SEASON 4

2021 – Now

Freelance Full-Stack Developer

Client work · Pakistan · Germany · Netherlands

Projects for my own clients: storefronts, content platforms, client portals and admin CMSs, built from scratch.

01 **SkinChoice:** beauty storefront built from scratch with Next.js on Cloudflare D1 and R2; Lighthouse performance above 90, with 91% of image weight removed, and a role-based admin CMS for non-technical editors.

02 **DIEWOHNEN:** German and English furniture platform with an AI shopping assistant and visual search, a Hono API at the edge and a module-permissioned CMS.

03 **ActiesDeal:** Dutch and English coupon site with code reveal, voting and an hourly expiry job, run from a custom admin CMS.

04 **AffiLinks.io:** agency website and client portal that reads each brand's Google Sheet through the Sheets API and writes order updates back.
